That, We are going to conduct new activities through this organization. Good mental health is necessary for any work to be done well. Psychological counseling is important for this health. Mental problems can be resolved through counseling. The chief guest of this workshop Hon. Dr. Sumedha Wankhede, spoke "we are guiding rural students who do not know about the future: Common people face endless problems, the aim of our organization is to get to the root of that obstacle and solve that problem".
